[W]	Change in wording only

¹ [W] Except for transportation utilizing the capacity leased from EPIC Crude Pipeline, LP, Carrier is willing to provide additional Origin Points to attach Crude Petroleum production (including additional gathering pipelines) where operationally practicable, at mutually agreed upon locations; provided, however, that the requesting Shipper(s) is able to satisfy the terms and conditions of Carrier's applicable RRC Tariffs and executes a long-term TSA or other agreement that, in Carrier's sole judgment, sufficiently provides for the Carrier's reimbursement of all costs associated with the construction and operation of such facilities (including income tax gross up). In addition, Carrier is willing to consider additional interconnections within the Crane Hub and the Midland Hub Origin Points with other carriers and service providers, where operationally practicable, at mutually agreed upon terms and conditions; provided, however, that Carrier reserves the right to file for and charge an incremental fee for such additional interconnections. See Part III of this Rates Tariff. To the extent additional interconnections at the Crane Hub and the Midland Hub are constructed and placed in service, Carrier will make appropriate tariff filings with the RRC.

² The Crane Hub Origin Point is currently limited to the interconnections with Medallion Delaware Express, LLC and Oryx Delaware Oil Transport LLC.

³ [W] Except for transportation utilizing the capacity leased from EPIC Crude Pipeline, LP, Carrier is willing to consider additional Destination Points on Carrier's system and additional interconnections at the Colorado City Hub, the Crane Hub, and the Midland Hub Destination Points where operationally practicable at mutually agreed upon locations and at mutually agreed upon terms and conditions. Carrier reserves the right to file for and charge an incremental transportation fee to recover the costs associated with the construction and operation of the facilities necessary to provide such additional Destination Point(s) on Carrier's System and/or additional interconnection(s) at the Colorado City Hub, the Crane Hub, and the Midland Hub. See Part III of this Rates Tariff. To the extent additional Destination Points and/or interconnections are constructed and placed in service, Carrier will make appropriate tariff filings with the RRC.

⁴ The Crane Hub Destination Points are currently limited to the interconnections with Magellan Pipeline Company, L.P. (commonly referred to as the Longhorn Pipeline), Plains All American Pipeline L.P.'s terminal which provides direct access to its Cactus Pipeline, EPIC Crude Pipeline, LP, and Gray Oak Pipeline, LLC. [W] Nominations to the interconnection with EPIC Crude Pipeline, LP at the Crane Hub can be delivered by Carrier, in its sole discretion, at any other interconnection between Carrier's Pipeline and EPIC Crude Pipeline, LP.

⁵ The Midland Hub Destination Point is currently limited to the interconnections with the terminals of Enterprise Products Partners L.P. and Permian Express Terminal LLC and the interconnections with Oryx Delaware Oil Transport LLC. and Medallion Crude Oil Logistics, LLC.

⁶ The Colorado City Hub Destination Point is currently limited to the interconnections with (i) BridgeTex Pipeline Company, LLC, (ii) Sunoco Pipeline L.P. manifold that interconnects with West Texas Gulf Pipeline Company and Permian Express 2 Pipeline, and (iii) a separate connection with Sunoco Pipeline L.P., as more precisely described in the Connection Agreement between Carrier and Sunoco Pipeline L.P. Carrier may receive deliveries at the interconnection with Wolf Midstream Partners LLC, and an intra-hub transfer fee of [U] \$0.10 per Barrel will be applied to deliveries from this interconnection with Wolf Midstream Partners LLC to interconnections within the Colorado City Hub.
