<sup>1</sup> Delaware Express is obligated to provide additional Origin Points, under specified conditions, pursuant to the terms of Acreage Dedication TSAs. In addition, Delaware Express is willing to provide additional Origin Points available for the Joint Tariff Service to attach Crude Petroleum production (including additional gathering pipelines) on its pipeline system, where operationally practicable, at mutually agreed upon locations; provided, however, that the requesting Shipper(s) is able to satisfy the terms and conditions of the Joint Tariff and executes a long-term TSA or other agreement that, in Delaware Express's sole judgment, sufficiently provides for the reimbursement of all costs associated with the construction and operation of such facilities (including income tax gross up). See Part III of this Rates Tariff. To the extent additional Origin Points are constructed and placed in service, Carrier will make appropriate tariff filings with the RRC.

<sup>2</sup> The Crane Hub is currently limited to the interconnection with Magellan Pipeline Company, L.P. (commonly referred to as the Longhorn Pipeline), Plains All American Pipeline L.P.'s terminal which provides direct access to its Cactus Pipeline, and Medallion Delaware Express, LLC. Medallion Pipeline is willing to consider, pursuant to the terms of its TSAs, additional interconnections available for the Joint Tariff Service at the Crane Hub with other carriers and service providers, where operationally practicable, at mutually agreed upon terms and conditions; provided, however, that Carrier reserves the right to file for and charge an incremental fee for such additional interconnections. See Part III of this Rates Tariff. To the extent additional interconnections are constructed and placed in service, Carrier will make appropriate tariff filings with the RRC.

<sup>3</sup> The Midland Hub Destination Point is currently limited to the interconnections with [W] the terminals of Enterprise Products Partners L.P. Enterprise Products Partners L.P.'s Midland terminal [N] and Permian Express Terminal LLC. Medallion Pipeline is willing to consider, pursuant to the terms of its TSAs, additional interconnections available for the Joint Tariff Service at the Midland Hub with other carriers and service providers, where operationally practicable, at mutually agreed upon terms and conditions; provided, however, that Carrier reserves the right to file for and charge an incremental fee for such additional interconnections. See Part III of this Rates Tariff. To the extent additional interconnections are constructed and placed in service, Carrier will make appropriate tariff filings with the RRC.

<sup>4</sup> The Colorado City Hub is currently limited to the interconnections in Scurry County with (i) BridgeTex Pipeline Company, LLC, (ii) the Sunoco Pipeline L.P. manifold that interconnects with West Texas Gulf Pipeline Company and Permian Express 2 Pipeline, and (iii) a separate connection with Sunoco Pipeline L.P., as more precisely described in the Connection Agreement between Carrier and Sunoco Pipeline L.P. Medallion Pipeline is willing to consider, pursuant to the terms of its TSAs, additional interconnections available for the Joint Tariff Service at the Colorado City Hub with other carriers, where
