

RAILROAD COMMISSION OF TEXAS

NOTICE TO OPERATORS

Application for Critical Load Serving Electric Generation and Cogeneration

The **Application for Critical Load Serving Electric Generation and Cogeneration** form is revised as of March 16, 2021. The updated form is available at [http://www.ercot.com/content/wcm/key_documents_lists/174326/Final - pdf - App for gas pipeline load v020320.pdf](http://www.ercot.com/content/wcm/key_documents_lists/174326/Final_-_pdf_-_App_for_gas_pipeline_load_v020320.pdf).

The Railroad Commission of Texas requests that operators under the Commission's jurisdiction review this revised form and apply for critical load designation as appropriate.

The Railroad Commission of Texas does not have jurisdiction over electricity generation. Questions related to this application form or critical load designation should be directed to your electric utility provider.

The Railroad Commission has been informed that critical load applications are currently being accepted.
